

19th OCTOBER 2020.

VOTE OF THANKS

anaesthesiaexecutive@gmail.com

The anaesthesia team from Mzuzu central hospital, Malawi-Africa, would like to thank the ANAESTHESIA WORLD WIDE PROJECT led by DR SALVATORE for the donation of various items to be used in theater and protection against covid 19.

We are happy to have received several items including Pulse Oximeters, Soda lime, Face shields, N95 Masks, Nasal prongs and hand sanitizers.

Donation from AWW.

These items have come at the right time when Malawi has also been heavily burdened economically by the covid-19 pandemic.

We wish everyone in the project a great and happy life and hope for a continued support among the anaesthetist world wide.

MZUZU CENTRAL HOSPITAL TEAM receiving the items on 19th October, 2020.

Donation from AWW.

FROM LEFT TO RIGHT—team working in theater.

Joel Moyo--- Deputy head of anaesthesia

Frank Masoo----- Head of Anesthesia

Dr Williams----- Intern anaesthesiologist

The theater staff were so happy to have such support from our colleagues in Switzerland, Germany and many more.

Special thanks to Dr Salvatore and Dr Thomas.

Donation from AWW.

The items will ease the Anaesthesia delivery and provide enough security to us as anesthetists and nurses at Mzuzu Central Hospital Theater.

Best regards.

JOEL MOYO- Associate Anaesthesiologist, Mzuzu central Hospital, Malawi, Africa
